Ford EXP Turbo.

New Dash.

The new EXP Turbo's full-function instrument panel provides you with a dash of technology. All dials and gauges, including the tachometer, turbo-overboost light, and standard AM/FM stereo with cassette are functionally designed and strategically placed. And for improved performance of another kind, there is an optional electronic search stereo plus graphic equalizer.

New Dash.

Cubic inch for cubic inch, the new EXP Turbo's electronically fuel-injected 1.6 liter turbo-charged engine is among the most powerful production engines Ford has ever produced. And yet, despite its performance capabilities, it is projected to deliver amazing ratings of 26 est. MPG/42 hwy. est.

Although EPA mileage ratings were not available at the time of publication, these estimates are projected Ford ratings based on Ford Engineering test data, and are expected to be very close to official EPA ratings. Use for comparison. Your mileage may vary depending on speed, trip length, weather. Actual highway mileage will probably be lower.

New Dash.

You'll also find new spoilers, new aluminum wheels and a new bubble-back hatch. The end result is something rather rare in today's world: A car with all the dash you could ask for.

"Quality is Job 1." An independent survey established Ford makes the best-built American cars. The survey measured owner-reported problems during the first three months of ownership of 1983 cars designed and built in the U.S.

Have you driven a Ford... lately?

Get it together — Buckle up.

WHO'D LET A 23-YEAR-OLD WORK WITH THE WORLD'S MOST SOPHISTICATED LASER SYSTEM?

Or evaluate primary sensor performances of multimillion dollar satellites?

Or manage millions of dollars a year in defense contracts?

The Air Force, that's who.

If you're a talented, motivated electrical engineer or plan to be, you don't have to wait to work with the newest, most sophisticated technology around.

You can do it now, as an Air Force officer working as an electrical engineer.

Don't get us wrong. We don't hand it to you on a silver platter. You have to work for it. Hard.

But if you do, we'll give you all the responsibility you can handle. And reward you well for taking it.

You'll get housing, medical and dental care — and excellent pay that increases as you rise in rank.

Plus there are opportunities to attend graduate

school. If you're qualified and selected, we'll pay 75% of your tuition. Those with special qualifications can even study full time, at no cost.

So plug into the Air Force. Because when it comes to technology, the Air Force can help you achieve great sophistication at a very tender age.

For more information contact your local Air Force recruiter, or call our Engineer Hotline toll-free 1-800-531-5826 (in Texas 1-800-292-5366). Better yet, send your resume to HRS/RSAANE, Randolph AFB, TX 78150. There's no obligation.

AIM HIGH AIR FORCE

A great place for engineers

THE BEST TIME TO DESIGN THE MUSIC SYSTEM IS WHEN YOU DESIGN THE CAR.

Music is truly an art. However, bringing that art to you in your car is pure science. No one knows that better than Delco Electronics.

For example, Delco engineers work with General Motors divisions when a car is still on the drawing board to scientifically design the loca-

tion, mounting, size and shape of every speaker to match that vehicle's acoustics. A Delco Music System is not an afterthought. It is literally designed into the car.

And because we know the electrical system of GM cars, we also build impulse noise blankers into Delco Music Systems to minimize interference.

Finally, Delco's Electronically Tuned Receiver (ETR™)

contains audio-processing and computerized signal-processing circuits that help improve reception and automatically lock in a station, keeping it from "drifting"

as you drive.

Delco Electronics is truly a leader in automotive electronics technology. When you buy your new car or truck, ask your dealer to demonstrate the science of a Delco Music System (including the incredible Delco-GM/Bose Music System).

Delco Electronics

BRINGING YOU *THE ART OF MUSIC* THROUGH THE SCIENCE OF SOUND.

College of Arts & Sciences

Biology	English	Political Science
Chemistry	Mathematics	Sociology
History	Physics	

College of Engineering

Geology

Students planning to graduate May 1984 with a major listed above will be required to take the Graduate Record Examination for their major area rather than the ACT-COMP to complete the senior test requirement. Registration deadlines and test dates are listed here. Students with an Arts and Sciences major should contact Bonnie McGehee, Mitchell Hall 219, for further details. Geology majors should contact your chairman, Dr. Phil DeBoo, Engineering 312, or Carol Ferguson, Engineering 259. Students with the above majors planning to graduate Summer 1984 may complete their senior test requirement by taking the GRE for their major area during the Spring testing dates. Contact your college adviser for further information.

INTENSIVE ENGLISH FOR INTERNATIONALS NON-CREDIT

The Intensive English for Internationals program provides language instruction for non-English speakers in Memphis, in the surrounding area and from abroad. Students attend classes grouped by ability level and receive a certificate of attendance upon successful completion of study. The program is offered year-round on a semester basis coinciding with the University's calendar and features an 8-week summer session. All classes are taught by professionally trained staff members. All courses are non-credit. Five options are available for the 1984 session: Intensive English with twenty-three hours a week instruction, Semi-intensive English with fifteen hours a week instruction, evening classes four hours a week, TOEFL preparation, and pronunciation classes also taught in the evening.

Registration and testing for the Intensive and Semi-intensive courses will be held on January 16 or by appointment before that date. In addition to classes listed above, others designed to meet special needs may be arranged. To register for any course or for more information, contact Dr. Nancy Sherman, Intensive English for Internationals Program, Dunn Building (Math & Foreign Languages), Room 310, (901) 454-2813.

COURSE NUMBER SYSTEM

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen

3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
6000-9000	Courses open ONLY to those students fully admitted to The Graduate School

COURSE LOAD LIMITATIONS

	Under-Graduate	Graduate
Minimum semester hours for full time	12	9
Maximum semester hours course load	18*	15

* This does not include the required physical education activity course.

VA EDUCATIONAL BENEFITS

IT IS THE STUDENT'S RESPONSIBILITY TO BE AWARE OF AND FULFILL ALL REQUIREMENTS FOR RECEIPT OF G.I. BILL BENEFITS.

Any student using VA Educational Assistance (G.I. Bill Benefits) at Memphis State University should contact the Office of Veteran's Services (Room 212, Scates Hall, 454-2996). New students should be prepared to furnish the following items as needed: an original or VA certified copy of their DD 214, or other armed forces separation papers, a copy of their Delayed Enlistment Contract, copies of their children's birth certificates, a copy of a divorce decree if either vet or spouse was previously married, their VA file number if benefits have been used previously, and a transcript from any college or university previously attended.

The VA places restrictions on those receiving veterans educational benefits. Some of these restrictions include: regular class attendance, satisfactory academic progress, and adherence to a specific degree program. The VA will not pay for repeated courses if the grade already earned is acceptable for graduation requirements and major objectives at this University (This includes transfer credit), or for elective courses in excess of those needed to meet graduation requirements.

Certification Reminders:

- (1) Register with the Office of Veterans Services every semester by completing a Veteran Data Sheet and Certification Request.
- (2) Report credit allowed for prior training in cooperation with your adviser by completing a "Request for Reevaluation of Prior Credit" form. These forms are available from the Office of Veterans Services.
- (3) Inform the Office of Veterans Services of any changes in major or degree pursued, address, marital status, or number of dependents claimed.
- (4) After registering report to the Office of Veterans Services immediately all changes in class schedules including adds, drops, section changes, cancelled courses, and withdrawals.
- (5) Obtain a degree posting sheet/formal degree plan from your adviser, and furnish a copy to the Office of Veterans Services, as well as keeping a copy for your personal files.

For more information on eligibility requirements, monthly pay rates, and other services available, contact the Office of Veterans Services.

ADMISSIONS PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after December 1, cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to that date. Anyone failing to do so cannot be assured of being considered for admission.

New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Evening Academic Services Office, Room 167, Administration Building, 454-2398.

Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from Room 167, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students who must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

Persons 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons who will become sixty (60) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons who will become sixty-five (65) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may enroll for courses for credit at the cost of \$17.50 per undergraduate semester hour, or \$24 per graduate semester hour, not to exceed \$75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Room 115, Administration Building, 454-2671.

REGISTRATION PROCEDURES

(1) CONSULTING WITH ACADEMIC ADVISER

Current Students

Current Memphis State University students are encouraged to see their academic advisers well in advance of registration, preferably during the preceding term when ample time can be given for general academic advising including assistance in selection of courses for the ensuing term. This is not always possible for new and returning students and for some current students. However, all students are required to have a class schedule with an adviser's signature prior to entering the registration center.

To find where an adviser will be located for assistance in class scheduling, go to the Packet Center located in the Old Cafeteria of Jones Hall, when it is open, and in the Late Registration Center, during the late registration period. Please consult the registration calendar for dates and times these Centers will be open.

During late registration academic advising occurs in the academic department, where faculty advisers are generally available except when they are teaching. Assistance in locating an adviser can be obtained in the Department Offices or in the Late Registration Center.

Handicapped Students

Preferential scheduling is offered to some disabled students to allow them reasonable opportunity to plan around disability-related needs. Students eligible for this service include those with mobility impairments, visual or hearing impairments, dyslexia and others who must accommodate medical or educational needs arising from a disability. Attendants for handicapped students are also eligible.

Preferential scheduling is begun prior to regular registration. Students using this procedure should see their adviser, fully complete the "Student Schedule" form and take it to the Handicapped Student Service Office well in advance of the beginning of registration. The desired class cards will be pulled before registration opens and will be held on reserve in the Records Referral Center at registration.

Handicapped students may go through registration at any convenient time after the appointment time assigned in the registration packet. After being cleared to register, they should proceed directly to the Records Referral Center and pick up their envelope of reserved cards. From there they must proceed through the regular line to complete registration.

If a student for whom cards are pulled in advance should for any reason decide not to complete registration, notification must be given to the Handicapped Student Service Office so that the reserved cards may be returned to the departments for use by others.

All reserved cards that are not picked up during regular registration will be transferred to the Referral Desk at late registration. Handicapped students may ask for a waiver of late fee on the basis of handicap if their cards were reserved in advance. However, students who can go through regular registration are encouraged to do so rather than going through late registration.

For further information and specific details, please contact the Director of Handicapped Student Services, Room 215, Scates Hall, 454-2880.

New and Readmitted Students (Undergraduate)

All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit, located in Scates Hall, and should go to the unit immediately after admission to the University to request the assignment of an adviser. Students who have not seen an adviser will be assigned one.

Students who have been readmitted and have selected a major should contact the department of their major for the assignment of an adviser. Readmitted students without a declared major should go to the Academic Counseling Unit. This should be done in advance of the first day of registration.

Evening (Undergraduate)

New and Readmitted Undergraduate students enrolling in evening and/or Saturday courses only may obtain the required registration and advising information in the Evening Academic Services Office, Room 167, Administration Building.

Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergraduate, or audit go to the Academic Counseling Unit, Scates Hall. Evening students in these categories go to the Evening Academic Services Office, Room 167, Administration Building for advising assistance.

New and Readmitted Students (Graduate) — Day & Evening

New graduate students are directed to an adviser following their admission. Students classified as Graduate Special or Graduate Provisional should go to the Graduate School Office, Room 315, Administration Building for an adviser.

Readmitted graduate students having a major should contact the department of their major for the assignment of an adviser. Readmitted graduate students not having a major should contact the Graduate School Office for an adviser.

(2) OBTAINING REGISTRATION MATERIALS

The registration packet consists of four basic materials: (1) "Student Information Form," (2) "Registration Appointment Card," (3) "Registration Receipt," and (4) a permanent ID card.

Current Students

Registration materials are mailed to the permanent address of all regular students currently enrolled, with the exception of those students suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office. When a hold is released, the student is given a release card which tells where and when to secure his packet.

New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared, receive their materials by mail. Students not clearing in time to receive their materials by mail are given a chance to obtain materials before the actual day of registration and receive instructions on how to accomplish this.

(3) SECURING CLASS CARDS

Students having their "Student Schedule," permanent ID card, and registration materials, are prepared to enter the Registration Center to obtain class cards and to pay fees.

Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority is based on cumulative hours earned. The student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration. Appointment times do not reflect hours earned during the current term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Unclassified students will be awarded registration appointment times on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

Special Courses

Credit/No-Credit Courses — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no credit basis. Details are found in the undergraduate *Bulletin*.

Procedures for registering are as follows: (1) Obtain permit form from academic adviser, complete information on the form, and secure adviser's signature; (2) Get permission of the dean of their college; (3) Go to the office of the chairman of the department in which the course is taught and secure his approval; (4) Obtain "Class Card Request" form; (5) Take completed permit form and "Class Card Request" to the Registration Center at the appointed registration time.

Audit Courses — The student must: (1) Obtain academic adviser's approval; (2) Go to the department in which course is taught and pick up "Class Card Request" form; (3) Take the "Class Card Request" to the Registration Center at the appointed registration time. Fees for audit courses are the same as for credit courses. Further details on audit courses are found in the undergraduate *Bulletin*.

ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.

The University issues to each student an identification card which bears his photograph, social security number, and certification that he is enrolled as a student in the University. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of the University and will be surrendered upon the request of a University official.

A current student who has lost his or her card may obtain a replacement from the Dean of Students Office, Room 204, Scates Hall. A student will be charged \$10.00 to replace a card that has been damaged, stolen, or lost. A charge of \$2.00 will be made to make any change in data on a card. Students unable to obtain an ID card at an off-campus or special registration must go to the Records Office to have one made.

Part-time students who are enrolled for at least six semester hours of credit courses will be given full-time ID card validation. ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for a full-time academic load, consult the Memphis State University Bulletin.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as half-time academic load.

Late Registration

Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

(4) PAYING FEES

Students should not enter the Registration Center unless they are prepared to pay fees. Registration is not completed until fees are paid. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship" or "Authorized Billing" stations in the Fee Payment Center. Students will not have their names placed on the class rolls until all fees are paid.

Students may not register until all outstanding financial obligations have been cleared.

Returned Checks

It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. A \$10.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Returned checks, used as payment of registration fees, will result in deletion of the student from class rolls. Check cashing privileges will be revoked for any student who has had checks returned by his bank more than once within a twelve-month period.

FEES AND DEPOSITS

Application Fee

Each student submitting an application for admission to the University must pay, at the time he submits his first application, a one-time non-refundable fee of \$5.00.

Maintenance Fee

All students, whether resident or non-resident, pay a maintenance fee. Maintenance fees are based upon course level. Students paying the fee for six or more hours are entitled to admission to home athletic events and certain health services, concerts, plays, social and other student-sponsored activities, and a subscription to the student newspaper, *The Helmsman*.

Summary of Course Fees

	In State	
	Per Hour	Maximum
Undergraduate	\$35	\$416
Graduate	48	506
Law (degree)	48	517
Law (non-degree)	62	
	Out-of-State*	
	Per Hour	Maximum
Undergraduate	\$111	\$1295
Graduate	124	1385
Law (degree)	124	1396
Law (non-degree)	138	

*Out-of-state student fees include a maintenance fee which is charged each student plus an additional \$76.00 per hour or \$879.00 maximum.

Fees for auditing courses are assessed on the same basis as fees for credit courses. Courses offered between terms, for concentrated periods during a term, or at specific locations, may be subject to fees on a per-hour basis only.

Activity Fee

All students enrolled for one credit hour or more will pay a \$1.00 Student Activity Fee. The amount is \$1.00 regardless of the total number of hours for which the student is enrolled.

There is no activity fee during the summer terms.

Tuition

Students classified as out-of-state are charged an additional \$76.00 per semester hour.

The Office of Admissions and Records is charged with the responsibility of assigning a residency classification to each student using regulations provided by the Board of Regents. The student may appeal the decision to the Committee on Residency. Residency regulations of the Board of Regents and information on appeals procedures are available in the Office of Admissions and Records.

RESIDENCY CLASSIFICATION MAY BE CHANGED ONLY BY THE RESIDENCY ADVISER, OFFICE OF ADMISSIONS AND RECORDS.

University College Fees

In addition to their \$5.00 application fee, students who apply to the University College must pay a screening fee of \$15.00, which is non-refundable. If accepted into the University College, the student must pay a non-refundable contract-advising fee of \$25.00.

Students who apply for credit for experiential learning will pay a non-refundable portfolio assessment fee of \$45.00. After the portfolio has been evaluated and credit assigned, the student will pay \$15.00 per credit hour for each hour in excess of three for which credit is awarded. For students enrolled under a group contract, a maximum fee of \$90.00 will be assessed for credits assigned under the terms of the contract.

Courses in Applied Music

The fee of applied music is \$30.00 per semester for each one-half hour lesson.

Music Locker Deposit

Music students are required to have a locker for storage of University-owned musical instruments or equipment. Personal instruments may also be stored in lockers. A deposit of \$3.00 for one semester or \$4.00 for two semesters is required on each locker issued. This deposit, less a service charge of \$1.50 per semester, will be refunded upon return of the lock. Students will be expected to pay for any damages.

Automobile Registration

Each person who expects to operate and park any motor vehicle on the campus must pay \$5.00 for an official permit, valid from September through August, and register the vehicle in the Security Office, Room 151, Administration Building. A reduced fee of \$4.00 is charged for vehicle registrations after January 1, and \$2.00 after May 1. Proof of ownership must be presented when registering the vehicle. Residence hall occupants should ask for a special resident decal when registering their automobiles.

ROTC Deposit

A uniform deposit of \$10.00 is required of each student who enrolls in the Army and Air Force ROTC program. The uniform deposit, less charges for uniform loss or damage, will be refunded at the end of the academic year or at the beginning of a semester in which the student is not enrolled in the ROTC program.

Laboratory Deposits

Certain courses in chemistry require breakage deposits from \$10.00 to \$20.00 per semester, depending upon the course. Any unused portion of these deposits will be refunded.

Physical Education Locker and Towel Fee

Students enrolled in physical education courses must pay a fee of \$4.00 for the locker and towel issued them. Students must provide their own lock.

Late Registration

Students who do not complete registration (including the payment of fees) during the official registration period will be charged \$10.00 for any late registration following the official registration period.

Adding and Dropping Courses

A fee of \$5.00 will be charged for each change-of-course form processed, regardless of the number of course or section changes included on the form.

Transcripts

There is no fee for transcripts. However, the student will be charged \$1.00 for each official transcript over the maximum of five (5) per request.

Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation to the University.

Diploma Fee

Each candidate for a degree from Memphis State University pays a \$25.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

STUDENT FEE REFUND PROCEDURES

Maintenance Fees, Out-of-State Tuition, Music Fees

The following refund percentages apply to students who withdraw from the University or who drop to an hourly load below full-time.

1. 100% Refund: A full (100%) refund of fees will be made for courses cancelled by the University.
2. 75% Refund: The University provides a 75% refund of enrollment fees beginning at the moment of registration and extending for a period of time as noted in the term calendar for the semester.
3. 25% Refund: A 25% refund of enrollment fees is provided after the expiration of the 75% refund and concludes as noted in the calendar for each semester.
4. 100% refund in case of death.

If a student withdraws during the 75% period, all of the student activity fee is refundable. There is no refund of the student activity fee after this period.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date or percentage cannot be made for reasons such as employment conflicts, health or medical problems, moving out of town, or other reasons which are beyond the University's control or responsibility.

Note on the semester calendar in the *Schedule of Classes* that the refund period ends earlier than the final deadline for dropping a course or withdrawal.

Refunds will be processed beginning approximately two weeks after classes begin and usually should be completed six weeks after classes begin.

Appeal Procedures for Fees and Refunds

A student may appeal the assessment, application, calculation or interpretation of any University fee, charge, deposit, or refund, or any University action connected with fees and charges. Questions should generally be discussed with personnel in the Bursar's Office. If a student is not satisfied with the resolution made by the Bursar's Office, a written appeal, on forms available in the Bursar's Office, can be made to the Director of Finance; his determination may be appealed to the Vice President of Business and Finance; and his determination may be appealed to the President of the University. Traffic fines are subject to a separate appeal procedure.

Credit by Examination or Placement Examination

The fee for taking credit by examination is a non-refundable fee of \$45.00, which must be paid prior to the examination. An additional \$15.00 will be charged for each hour in excess of three for which credit is awarded. A fee of \$15.00 per credit hour will be charged when an application for credit is made under the credit by Placement Examination policy.

(5) CHANGING ENROLLMENT STATUS

CHANGE-OF-COURSE APPLICATIONS "ADD-DROPS" WILL BE PROCESSED ONLY AFTER THE REGULAR DATES OF REGISTRATION, COMMENCING ON THE FIRST DAY OF LATE REGISTRATION.

Change of Course

After a student's registration is complete, he may change his class schedule by adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISER. Time limits for add/drop are outlined in the semester calendar. A fee will be charged for each change-of-course transaction before it is processed. *There is no charge for a change made as a result of the University cancelling a course.*

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

Students enrolled in one course who wish to drop must withdraw from the University.

Schedule conflicts — Each student is responsible for preventing conflicts in the scheduling of his classes. *Students should check each class card which they are issued to insure that the course and section numbers, time and credit agree with what they requested.* Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have been changed. Up-to-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has been closed and later reopened. *The University reserves the right to cancel courses or sections or to combine sections.*

Withdrawal Procedures

Students may withdraw from the University by contacting the appropriate University official. ID's must be turned in to be invalidated.

- (1) Undergraduate Students—the Center for Student Development, Room 120, Scates Hall
- (2) Evening/Saturday Students—the Dean, Evening Academic Services, Room 167, Administration Building
- (3) Graduate Students—the Dean of Graduate Studies, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar.

Change of College or Major

Undergraduate students in the Colleges of Arts and Sciences, Business Administration, Communication and Fine Arts, Education, Engineering, and the University College may change their college or major by completing an application at the designated office of the college for the new major. These offices are as follows:

Arts & Sciences

Dean's Office — MI 219

Business Administration

College Adviser — BB 357

Communication & Fine Arts

Dean's Office — CFA 234

Education

College Adviser — ED 211

Engineering

College Adviser — EN 259

University College

Dean's Office — JN G-1

Graduate students may change their major by making application in the Office of the Dean of Graduate Studies, Room 315, Administration Building.

Students may change adviser by making application to the college in which they are currently enrolled.

Change of Name, Address, or Social Security Number

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration packet. In order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who move should leave a forwarding address with the post office so that all University mail will reach them at their new address.

IMPORTANT: All changes should be made early in the term to insure their processing before the next semester.

GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned, are mailed to the permanent address of each student at the end of the semester. The grade report will show cumulative hours attempted, hours earned, and grade point average.

Withholding of Grade Reports

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center or Late Registration Center, when these are open, and in the Records Office thereafter.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.

ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the *University Bulletin*.

Specific questions concerning academic retention/suspension should be directed to the Evening Academic Services Office, Room 167, Administration Building, between the hours of 12:00 Noon-8:00 p.m. Monday through Thursday, and 8:30 a.m.-12:00 Noon on Saturdays.

UNDERGRADUATE ACADEMIC RETENTION SCALE

Cumulative Hours Attempted	Minimum QPA
0 — 14.99	No Minimum
15 — 29.99	1.40
30 — 50.99	1.70
51 — 67.99	1.90
68 or More	2.00

Note: A student suspended for the first time at the completion of the Spring semester will be required to remain out of the University the subsequent fall semester as well as the summer session.

PRIVACY RIGHTS OF PARENTS & STUDENTS

NOTICE TO STUDENTS

The Family Educational Rights and Privacy Act of 1974, with which the University intends to comply fully, is designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Provisions for the release of information about students and the rights of students and others to have access to Memphis State University education records are as follows:

A. Release of Personally Identifiable Student Education Records.

Memphis State University shall not permit access to or release of any information in the Education Records which is specifically identifiable as referring to any student, other than Directory Information, without the written consent of the student to any party other than the following:

1. MSU officials and staff who have legitimate educational interests, including academic excellence, honor societies, and fraternities and sororities. Written requests from such officials or organizations shall be sent to the Records Office, and proper identification will be required.
2. Officials of other schools in which the student seeks admission, if the student has executed a release form to that institution. (At a later date a request for academic information from another institution of learning indicating the reason will be honored as a matter of inter-institutional courtesy.)
3. Appropriate persons in connection with a student's application for or receipt of financial aid.
4. Federal or State officials as defined in the regulations concerning this law.
5. State and local officials authorized by State statute adopted prior to November 19, 1974.
6. Organizations conducting studies for, or on behalf of, Memphis State University for the purpose of assisting in accomplishing the University's stated goals, and when such information will be used only by such organizations and subsequently destroyed when no longer needed for the intended purpose. The Dean of Admissions and Records or his designate must approve requests of this nature.
7. Accrediting organizations to carry out their functions.
8. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954. (Note: Husband or wife cannot get records of his/her spouse regardless of dependency.)
9. In compliance with judicial order or subpoena after the University has made a reasonable effort to notify the student.
10. Appropriate persons in connection with an emergency if such knowledge is necessary to protect the health or safety of a student or other persons. Verification of the conditions involved will be fully documented.

Note: All individuals and agencies who have requested or obtained access to a student's record (except as stated in A 1-7) will be noted in a record which is kept with each student's closed file. A request must be in writing stating the purpose of the request. This record will also indicate specifically the legitimate interest that the person or agency had in obtaining the information, and the information made available will be limited to that necessary to satisfy such demonstrable needs.

B. Definitions:

- **Educational Records.** "Educational Records" is defined as those records, files, documents, and other material which (1) contain information directly related to a student; and (2) are maintained by Memphis State University or by a person acting for the University. They do not include: (1) personal notes; (2) records available only to law enforcement personnel; (3) employment records; (4) medical, psychological, and psychiatric records (these are accessible to the student's physician); (5) and records containing only information relating to a person after that person is no longer a student at the University. An example would be a record of accomplishments of an alumnus of the University.
- **Student.** A student is any person who is or has been enrolled at Memphis State University. Wherever "student" is used in reference to personal rights, an eligible parent of a dependent student has similar rights. This "eligible" parent is one who has satisfied Section 152 of the Internal Revenue Code of 1954, and who presents proof of such to the custodian. Normally, this will be notarized affirmation by the parent declaring that the student is a dependent for Federal Income Tax purposes.
- **Directory Information.** "Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous education agency or institution attended by the student, the student's full- or part-time status, and the student level. At the time

a student registers for courses, the student may personally deliver to the Records Office a written request that directory information for that student may not be released. This notification is effective only for the one semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

- **Access.** To have access to an "Educational Record" is to be allowed to see the original record. It implies the right to obtain copies of that record.
- **School Officials.** School officials are those University employees with general or specific responsibility for promoting the educational objectives of the University. Employees whose responsibilities place them within this category include: teachers; faculty advisers; admissions counselors; academic advisers; therapeutic counselors and vocational counselors; degree analysts; employment placement personnel; deans, department chairmen, directors, and other administrative officials responsible for some part of the academic enterprise or one of the supporting activities; administrative and faculty sponsors of officially recognized clubs, organizations, etc.; members, including student members, of committees appointed by the President; and clerical personnel employed to assist University officials in discharging professional responsibilities. Access by these officials is restricted where practical only to students for whom they have professional responsibility and only to that portion of the student record necessary for the discharge of assigned duties.
- **Legitimate Educational Interests.** Legitimate educational interests are defined as those interests which are essential to the general process of higher education prescribed by various legislative acts and the body of policy adopted by the governing board. Legitimate educational interests would include teaching, research, public service, and such directly supportive activities as academic advising, general counseling, therapeutic counseling, discipline, vocational counseling and job placement, financial assistance and advisement, medical services, and academic assistance activities. In addition, the University officially recognizes appropriate co-curricular activities which are generally supportive of overall goals of the institution and contribute generally to the well-being of the entire student body and specifically to many individuals who participate in these activities. These activities include varsity and intramural sports, social fraternities and sororities, honorary and academic fraternities and sororities, departmental clubs, professional fraternities, special interest clubs, and student government.

C. Procedure for Gaining Access to Educational Records.

- To gain access, the student must request the custodian to allow him to peruse the "Educational Record," which request will be granted within a reasonable period of time. The student may ask for an explanation and/or copy of his "Educational Record." Examination will be permitted under conditions which will prevent alteration or mutilation of the record. A student must present proper identification upon request. Documents submitted by or for the student in support of his application for admission or for transfer credit will not be returned to the student nor sent elsewhere.
- If the student believes the "Record" content to be inaccurate, he may submit a request for amendment of his record. Normally such matters will be satisfactorily settled in the course of informal discussion with the student. When this is not the case, the request and the challenge must be presented in writing to the record custodian who will inform the student of his decision within 45 days and of his right to a hearing. The student may then submit a written request for a hearing to the Dean of Admissions and Records who will (1) appoint an Appeals Committee consisting of four "Record" custodians (none of whom is custodian of the "Record" in question), with one of the four designated as chairman, and (2) designate a time and place for the first meeting and inform the student of the same.
- The Appeals Committee will convene with the student within 45 days from the date of the request, allowing the student, or his parents if the student is a dependent, to present relevant evidence. The student may be assisted or represented by counsel of his choice and at his own expense. A written decision based solely upon evidence presented at the hearing will be given the student within 45 days after the conclusion of the hearing, including a summary of the evidence and reasons for the decision and notification of his right to place a statement in the "Educational Record." Thereupon, the student may submit to the Committee a written explanation to be inserted into the "Record."

Note: This procedure does not provide for a hearing to contest an academic grade.

D. Right of Access Does Not Include:

1. Financial records of parents or any information therein.
2. Confidential letters and statements of recommendation which were placed in the "Educational Records" prior to January 1, 1975.
3. "Records" to which access has been waived by a student.

E. No University office receiving student information shall, and all agencies receiving student information will be advised not to, release the information to another party without the written consent of the student.

F. The University retains all rights to the student's academic record and may withhold transcripts of the record because of unfulfilled obligations to the University.

G. Eligible students and parents have the right to file a complaint with the Department of Education concerning an alleged failure by the University to comply with the "Privacy Rights of Parents and Students" Act. Students may also file a complaint against the University in the office of the Dean of Admissions and Records. A copy of the Act may be read in the offices of the Associate Dean of Admissions and Records (Records), the Dean of Admissions and Records, or the University Council.

Go farther...faster.

As a Marine Officer, you could be in charge of a Mach 2+ F/A-18A, a vertical take-off Harrier or one of our other jets or helicopters. And you could do it by the time you're 23. But it takes a special commitment on your part. We demand leaders at all levels. We teach you to be one. If you're a freshman or sophomore, ask about our undergraduate officer commis-

sioning programs. If you're a junior, check out our graduate programs. Starting salaries are from \$17,000 to \$23,000. And you can count on going farther... faster.

Maybe you can be one of us.

Today's Chevrolet

Hotter than Texas chili.

Camaro Z28. "Hot." A three-letter word that's synonymous with Z28 in the vernacular of the enthusiast.

What's so hot about Z28? Everything. Styling. Performance. Comfort.

Powered by a track-proven small-block V8,* Z28 delivers throaty bursts of power when you need it. And the optional High Output Package gives Z28 even hotter credentials.

It goes around corners, too. Thanks to a refined torque-arm rear suspension and new, precise front geometry with special upper and lower control arms, Z28 has recorded a lateral acceleration figure of .85g on the GM Proving Grounds.

Simmering shape. Z28 looks as quick as it goes. Sleek, curving lines and a 62-degree raked windshield help provide a low drag coefficient of .339. And Z28's deep front air dam helps reduce nose lift, while aiding steering response.

Take it to your next cookout. So if you've got a taste for something hot, get Camaro Z28. You'll find it's hotter than Texas chili.

Today's Chevrolet. Bringing you the cars and trucks you want and need.

That's what Taking Charge is all about.

*Some Chevrolets are equipped with engines produced by other GM divisions, subsidiaries, or affiliated companies worldwide. See your dealer for details.

Let's get it together... buckle up.

Technics introduces an awesome Computer-Drive Receiver. It stops distortion before it starts. And that's just the beginning.

The new Technics SA-1010 Computer-Drive Receiver. A receiver that combines so many technological advances it is the most sophisticated ever to carry the Technics name.

It starts with Technics innovative Computer-Drive technology: a microcomputer with the intelligence to sense potential causes of amplifier distortion. And to stop that distortion before it starts. So your music comes through with breathtaking clarity.

A second computer not only operates the world's most accurate tuning system, quartz synthesis. It also scans and mutes unwanted signals before they interfere with your music.

And the SA-1010's intelligence touches other areas.

A microprocessor is also used in conjunction with Technics Random Access Tuning with auto memory. It allows you to pre-set and store up to 16 of your favorite stations. And to hear any one, in any order, at the push of a button.

And whatever music you do listen to can be made to virtually envelop you, surround you by engaging Technics Dimension Control circuitry.

Then there's the sheer power of the SA-1010: 120 watts per channel, minimum continuous RMS, both channels driven into 8 ohms, from 20Hz to 20kHz, with no more than 0.003% total harmonic distortion.

And of course, the SA-1010 is ready for digital. It will be able to reproduce the flawless sound of digital sources soon to come.

Power. Perfection. And performance. The awesome SA-1010 Computer-Drive Receiver. From Technics.

**MAKE \$12,200 FOR
COLLEGE WHILE YOU'RE
GOING TO COLLEGE.**

Want a part-time job that doesn't hurt your grades? Or campus life? Give your local Army Reserve unit a weekend a month and a couple of summers during college, and you can earn over \$12,200 for college.

Up to \$4,000 in college aid is yours just for joining most units. Another \$6,000 in earnings for four years of monthly weekends and two-week summer stints. Plus, over \$2,200 that you'll earn during two summer

training periods. All while you're getting the most out of college. And doing the most you can part-time for your country.

You don't have to wait for college to join the Army Reserve. If you're 17 or older and a junior or senior in high school, join us now. There's no better part-time job in town.

Interested? Call your local Army Reserve recruiter. For the number, call toll free 1-800-USA-ARMY.

**ARMY RESERVE.
BE ALL YOU CAN BE.**

Step ahead of your time to the first talking clock radio with a truly civilized vocabulary.

The new Panasonic talking clock radio (RC-6810) is civilized enough to both tell you the time and wish you a pleasant "good morning," "good afternoon," or "good evening."

When it's time to wake up, it can say, "Good morning, it's six twenty a.m." Press the doze button and it says, "I will wake you again in nine minutes."

Want to drift off to music? Press the sleep button and it says, "I'll turn myself off in 59 minutes. Goodnight!"

And it can say a lot more. Either in a man's or a woman's voice.

It also has all the hi-tech features of many other Panasonic clock radios. Like Accu-Set,* that lets you set the time electronically, forwards or backwards, with a twist of the dial.

Sure-Alarm battery backup system,* to make sure your alarm will wake you even during a power failure.

And Dual-Alarm, that can be set once to wake up two people at two different times.

The new Panasonic talking clock radio. It says a lot for itself. *9-volt battery not included.

Panasonic.
just slightly ahead of our time.

When you graduate to the Air Guard, your future's looking up.

And so is our country's. Because the professional men and women of the Air National Guard do more than provide the major portion of our national air defense. They provide aid in state and community emergencies as well.

Great benefits. Now and for your future.

By joining the Air Guard now, you'll be doing more than helping protect your community, state and home town. You'll be helping yourself.

Because the Air Guard is a part-time military job, you'll have plenty of time to pursue a civilian career. Or further your education which we may help you pay for.

What's more, we'll provide valuable technical training. The kind of training you could probably use to get a good civilian job or to advance in your chosen career.

Of course, you'll also receive low-cost life insurance, a retirement plan, base exchange privileges, and more. All for your part-time work in the Air Guard.

If you're ready to move ahead with your future, learn valuable job skills and earn extra income, call your Air Guard recruiter, toll-free, today. **800/638-0936.** (In Maryland, call 301/981-6716. Outside the continental U.S., consult your local directory under state government.)

You'll find out why we say, "In the Air Guard, the sky isn't the limit."

We Guard America's Skies.

TAKE A GRADUATE COURSE IN LEADERSHIP

If you have earned a Bachelor's Degree in technical fields like engineering, science, math and computers you've taken one giant step in building your future. But today, with our competitive job market, the person who has the edge is often the one with something extra. That something is leadership experience.

The 17-week Coast Guard Officer Candidate School (OCS) Program offers you the opportunity to receive post-graduate leadership training and be paid as you learn. Upon completing the course you'll put your training to immediate use with important leadership duties.

The Coast Guard is the smallest armed service with big global responsibilities. These include managing our coastal and inland waterways from Alaska to Puerto Rico; saving lives, protecting property and our maritime resources. As a leader you'll find the work rewarding, exciting and invaluable in priming yourself for success in the Coast Guard.

As the proud possessor of a Bachelor's Degree, a commission and leadership position you'll earn up to \$18,000 for starters. And you can expect up to 40% in wage increases and promotions the first three years. When you consider the other benefits a Coast Guard officer receives, your compensation package is even more impressive:

- Free medical/dental care for service members
- Post-graduation studies often paid for
- Living quarters allowance
- Thirty days paid vacation per year
- Retirement after 20 years

Leaders are not born... they're made! Coast

Guard OCS training can help you develop the confidence, poise, maturity and problem solving abilities you'll need to take command in today's hi-tech world. To apply, mail the attached coupon or call

MINI COLLEGE PROGRAM

Martha Armstrong, Coordinator
Room 165 — Administration Building

Register in Mini College Office — January 3 - January 18

Move Into A New Identity (MINI) is a program for mature men and women who want to resume or begin their college education but are unable to attend classes under the regular schedule. The MINI College offers personal, individual handling of admissions and registration procedures and special classes and teachers to ease the trauma of becoming a college student. For more information, contact Mrs. Martha Armstrong at 454-2995.

TELEVISION-ASSISTED DIRECTED STUDY COURSES

Memphis State University, in conjunction with WKNO-TV, offers television-assisted courses for adults working toward bachelor's degrees and learning for personal enrichment. These courses, designed by specialists in a variety of fields, are rigorous and challenging. They have been developed by the International University Consortium, of which MSU is a member, to serve the special need of adults who, because of work and family obligations, distance, or handicap choose not to attend on-campus classes. Persons in Memphis and the surrounding areas of Arkansas, Mississippi, and west Tennessee within the broadcast area of WKNO-TV may enroll.

Independent reading is a major component of each course. Students are guided in their studies by a detailed week-by-week syllabus written by their MSU instructor, a study guide, textbooks, and written assignments. Half-hour television programs supplement the reading and are broadcast bi-weekly on WKNO-TV and repeated on cable channel 33. Video tapes of the television programs are available for viewing in the learning media center of the MSU library. Written assignments are evaluated by the course instructor with whom the student may confer by phone or in person. Students may also attend optional discussion sessions led by the instructor.

Registration for these courses may be completed by mail or in person prior to on-campus registration and during on-campus registration. Books may be ordered by mail. The fee for both in-state and out-of-state students is \$35 per credit hour. Contact the University College at 454-2716 for further information.

COURSES FOR SPRING 1984

MATH 1211. COLLEGE ALGEBRA. sec 521, 3 semester hours. Dr. Hugh McHenry

Inequalities; quadratic equations; relations and functions; absolute value; exponential and logarithmic functions; systems of equations and inequalities; matrices; complex numbers; roots of polynomials; sequences and series; binomial expansion.

PHIL 3701. RELIGIOUS QUEST. sec 521, 3 semester hours. Dr. Herbert J. Singh

This is a course in world religions. The religions chosen for study comprise the majority of humankind and are living traditions in contemporary times: Hinduism, Buddhism, religions of China and Japan, Judaism, Christianity, Islam, African primal religions, and alternatives to religion, such as Marxism and scientific humanism. The course is interdisciplinary in that it includes historical and social materials, literary and artistic aspects, as well as philosophical and theological dimensions of the religions.

MGMT 4910 and SOCI 3441. SYSTEMS ORGANIZATIONS. sec 521, 6 semester hours. Dr. Thomas Miller and Dr. Rex Enoch. Cross-listed as UNIV 3518, Thematic Studies

An integrated introduction to systems analysis and management. The course focuses upon the interplay between the systems view and the practice of management. It is oriented toward supervisors, middle management and administrative persons. It provides a framework for understanding systems relationships in organizations and for thinking analytically about complex organizational problems.

HIST 4010 and CLAS 4791. ANCIENT GREECE. sec 521, 6 semester hours. Dr. Lee Johnson and Ms. Frayna Goodman. Cross-listed as UNIV 3517, Thematic Studies

This course is a study of Greek civilization from the end of the Persian War to the rise of Macedon, centering on Athens. This was the age when Athens developed direct democracy of the radical kind, when her imperial ambitions overreached themselves and she was beaten in a twenty-seven year war to make a remarkable recovery in the Second Athenian League. It was the age of the great historians, dramatists, orators, sculptors, and philosophers for which Greece is known. The aim of the course is to introduce students to this exciting age.

PSYC 3508 and SOCI 3801. PEOPLE AND ORGNNIZATIONS. sec 521, 6 semester hours. Dr. Lois Smith and Dr. Peter Takayama. Cross-listed as UNIV 3515, Thematic Studies

This course helps students identify and understand power and control in organizations, develop new insights concerning people and organizations, and understand and implement problem-solving techniques. Topics include the classification of organizations, power, roles, decision-making, and the relationship between the individual, the work group, and the organization. Major theories of organizations will also be studied.

UNIV 1020. EXPLORING LANGUAGE. sec 521, 6 semester hours. Ms. Linda Hearn

An innovative approach to the study of language and writing. The course has a dual purpose: to teach the fundamentals of clear, concise writing by providing week-by-week instruction in organizing and writing essays, and to explore the social, psychological, and political implications of language.

Persons interested in registering for these courses should contact:

GRADUATE AND UNDERGRADUATE ISSUES 1983-1984 MEMPHIS, TENNESSEE JULY, 1983

The following courses were approved for inclusion in the offerings of the University after 1983-84 Catalog issue of the University *Bulletin* had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University curriculum.

UNIVERSITY COLLEGE

UNIV 3510. THEMATIC STUDIES. (6 credit hours) HISTORY OF MODERN WESTERN THOUGHT.

This course will trace the development of Western thought from the breakdown of the medieval synthesis to the twentieth century. It will explore the central ideas and issues of Western thought by studying major philosophical works and by examining other forms of cultural expression, such as art, literature, religion, and science. Special emphasis will be placed on the relationship between philosophical thought and general cultural attitudes. The course will thus seek to compare different ways of approaching and analyzing similar issues and concerns. The course will also examine the influence of the philosopher on his culture and of the culture on his philosophy.

UNIV 3514. THEMATIC STUDIES. (6 credit hours) COMPUTER LITERACY WITH APPLICATIONS.

This course is designed for the liberal arts major with a minimum prerequisite of a single college level course in mathematics. The course has two goals:

1. Enable the student to become comfortable with the hands-on use of modern, office type computing equipment. The student will become accustomed to utilizing the equipment both as a stand-alone computer and as a terminal, communicating with some of the major data banks and the University computer center.
2. Expand the student's mind and level of awareness in the best sense of the liberal arts tradition. This course is a broad survey of the full spectrum of computing in our modern society and is definitely not a science or mathematics course. The viewpoint of the course values the cultural, artistic, societal, organizational, and psychological aspects equally with the engineering, mathematical, theoretical, and scientific aspects.

Students will do an independent study project with the equivalent of two semester hours. Out-of-class learning contracts will be approved.

UNIV 3515. THEMATIC STUDIES. (6 credit hours) PEOPLE AND ORGANIZATIONS.

This course helps students identify and understand power and control in organizations, develop new insights concerning people and organizations, and understand and implement problem-solving techniques. Topics include the classification of organizations, power, roles, decision-making, and the relationship between the individual, the work group, and the organization. Major theories of organizations will also be studied.

UNIV 3516. THEMATIC STUDIES. (6 credit hours) ISSUES IN INDIVIDUAL AND CORPORATE RESPONSIBILITY.

This course will explore ethical issues that arise in the context of the relationship between individuals within the corporate structure and the relationship between corporations and society. It is designed both for students who intend to enter business and for other students who are interested in the relationship between business and society. Issues to be examined include ethical responsibilities in the work place, equal employment opportunity, affirmative action and reverse discrimination, ethical practices of multi-national corporations; and other topics decided by course participants. The course will consider these topics by

analyzing selected case studies, and developing the issues raised by the case in terms of ethical theories. Sample topics include employees "blowing the whistle" on their companies for engaging in illegal practices, and an employee's right to privacy, and bribes paid by American companies to do business abroad.

Students will do an independent study project with the equivalent of 3 semester hours. Out-of-class learning contracts will be approved.

UNIV 3517. THEMATIC STUDIES. (6 credit hours) ANCIENT GREECE.

This course is a study of Greek civilization from the end of the Persian War to the rise of Macedonia, centering on Athens. This was the age when Athens developed direct democracy of the radical kind; when her imperial ambitions over-reached themselves and she was beaten in a twenty-seven year war to make a remarkable recovery in the Second Athenian League. It was the age of the great historians, dramatists, orators, sculptors, and philosophers for which Greece is known. The aim of the course is to introduce the students to this exciting age.

UNIV 3520. THEMATIC STUDIES. (6 credit hours) CRIMINAL JUSTICE AND THE THERAPEUTIC STATE.

This course explores a number of problematic issues that have resulted as the Criminal Justice System has been divested of its responsibility to handle certain types of behavior once considered to be solely under its jurisdiction. Of central concern is the relationship between law and psychiatry specifically, and the mental health field in general. Also examined are the problems of alcoholism and drug addiction as they relate to rehabilitation as a Criminal Justice objective. Special attention is given to the dilemma of maintaining individual rights and providing therapeutic benefits. Underlying themes addressed throughout the course are ethical and moral considerations as they relate to Criminal Justice and therapy in a free democratic society.

THE INDEPENDENT PROGRAMS UNIVERSITY HONORS PROGRAM

UNHP 3204. FROM CAMELOT TO WATERGATE: THE 1960's. (3 credit hour)

Discussions of basic ideas justifying 1960's movements pertaining to war, civil rights, and social and cultural values. Topics include "Images of JFK," "The License of 007," "Dylan and the Folk Revival," "Situation Ethics," and "Street Rhetoric." Readings include Maslow, Marcuse, Malcolm X, and McLuhan. Viewings: Dr. Strangelove and The Graduate. Prerequisites: Upper Division standing and permission of the Director of the University Honors Program.

UNHP 4205. GODEL, ESCHER, BACH. (3 credit hours)

Interdisciplinary colloquium on Hofstadter's brilliant masterpiece (Pulitzer Prize, 1980), "A metaphorical fugue on minds and machines in the spirit of Lewis Carroll." Guest speakers and individual projects on artificial intelligence/J.S. Bach/Zen/DNA/computer music/cognitive psychology, self-reference and recursion, etc. Prerequisites: Upper Division standing and permission of the Director of the University Honors Program.

HELP WANTED?

YOU'VE GOT IT.

The career that truly satisfies and fulfills you is more than a job that earns you a living—it comes from enjoying the work you have chosen. Career Planning Today is designed to set you on course, and keep you moving ahead on a career path that will be both rewarding and satisfying.

Not just another job hunting book. Career Planning Today is addressed to everyone who seeks a managerial, technical or professional position. It is built upon the sound career planning concepts of assessment, exploration and job search. It shows you how to take a meaningful look at yourself and your range of job options.

You'll find Career Planning Today is a practical guide, logically organized, and written in an easy reading style with useful graphics. Here are proven concepts, strategies and techniques to dispel job search confusion, remove chance luck and make the employment system work to your advantage.

The usefulness of Career Planning Today extends far beyond the one-shot job hunt in the scope and depth of its coverage.

Before you work anywhere, take a look at the tools we work with.

NASA's space shuttle. For Air Force officers working as electrical or aerospace engineers, the challenge is just beginning. In fact, from laboratories to lasers to launch pads, we have exciting projects and management opportunities very few employers can offer.

For example, we are developing experiments that will be an important part of the space shuttle's cargo in the years to come. Experienced Air Force engineers will work as shuttle mission planners and as astronaut flight controllers.

If you have an electrical or aerospace engineering degree, or soon will have, we may have a challenging future for you as an Air Force officer. It's a future that demands the vision and commitment of people like you. And it's vital to our country.

For more information about Air Force engineering opportunities, mail the card. Or call our toll-free Engineer Hotline 1-800-531-5826 (in Texas 1-800-292-5366). Better yet, send your resume to HRS/RSAANE, Randolph AFB, TX 78150. There's no obligation.

*The Official 35mm Camera
of the 1984 Olympic Games*

Go for the Gold. with Canon.

Official 35mm Camera of the 1984 Olympic Games

Perhaps more so than all other human endeavors, the energy and enthusiasm of Olympic competition produces an extra dimension of excitement for athlete and spectator alike. Every Olympian is already a champion, but their former successes only heighten their desire to win it all. To go for the gold.

As the Official 35mm Camera of the 1984 Olympic Games, we know that the only people who will be called upon to perform as consistently as the athletes, with equal precision and dedication to excellence—day in and day out at the peak of their performance—are the professional sports photographers whose job it is to capture the spirit of the games on film. They, too, are judged by their performance at the finish line. And they often only get one shot.

Canon is the world's leader in 35mm photography, with a wide variety

of SLR models and over fifty interchangeable wide-angle, telephoto, zoom and macro lenses that can be used with them.

The New F-1 is the Canon choice for professionals, featuring an incredible system of interchangeable components that allow the photographer to custom-tailor the camera to meet his needs.

The A-1 is the most advanced Canon automatic SLR camera, featuring six exposure control modes including programmed automation for focus-and-shoot convenience, shutter-priority, aperture-priority and stopped-down automation for creative control, auto flash and manual.

The AE-1 PROGRAM is so advanced, it's simple, providing both programmed and shutter-priority automation, plus auto flash and manual.

The new Canon T-50 provides all the sophistication of other Canon SLRs in an incredibly compact, affordable package complete with built-in Power Winder. Like all Canon 35mm SLR cameras, it accepts the entire line of over fifty interchangeable Canon FD lenses.

Whether you shoot sports, vacation or just fun family photos, do the very best you can. Go for the gold™ with Canon.
